DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 8/02/04 has been entered.

Allowable Subject Matter

2. Claims 1, 5, and 8-11 are allowed.
3. The following is an examiner's statement of reasons for allowance: the prior art of record, fails to teach, or fairly suggest either alone or in combination thereof, a contacts block mechanism wherein the contacts block mechanism is replaceable as a modular unit; particularly the Saroya reference which teaches away from the aforementioned limitation since Saroya teaches only the replacement of the contacts.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
